

# HABITS OF A CYBER SAVVY EDUCATOR

5 ways to positively influence the safety and digital wellbeing of your students.

## START

the chat about why it's not always safe online (strangers, tricky people and unkind people) and 'personal' information.

## SET

reminders on your classroom calendar to 'change your passwords' every new school term.

## SEEK

permission and consent from your students when you take a photo of them or their work.

## SHARE

stories of how you manage online challenges (phishing scams, pop-ups, unwanted contact, negative comments).

## SHOW

students where to go to seek help if things go wrong online via [esafety.gov.au](http://esafety.gov.au) or [kidshelpline.com.au](http://kidshelpline.com.au)
